### CODE EXAMPLE

---

```
function menFromBoys (arr) {  
  const newArr = [...new Set(arr)];  
  const menArr = newArr.filter(x => x % 2 == 0).sort((p, n) => p - n);  
  const boysArr = newArr.filter(y => y % 2 != 0).sort((p, n) => n - p);  
  return menArr.concat(boysArr)  
}
```
